# HER JOB

# A NURSE

**This is Jackie. She is a nurse.**

# THE EMERGENCY ROOM

**She works in the Emergency Room at a local hospital.**

# PATIENTS

**Every shift she sees many different people with different injuries, illnesses, and allergies.**

# ALLERGIES

**Amia is at the hospital because she is allergic to bees. They make her swell up and they make it hard for her to breathe.**

# TRANSLATOR

**She does not speak English, only Portuguese, so she uses a translator to talk to Jackie. Jackie gave her an allergy shot and sent her home.**

# ALLERGIES

**David has allergies. He is allergic to nuts. They make it very hard for him to breathe. Jackie had to give him a shot so that he would be okay. He needed to be picked up by his emergency contact, Melissa.**

# EMERGENCY CONTACT

**If a patient can't drive themselves home, they need to call their emergency contact. Jackie called Melissa so that she could take David home.**

# ALLERGIES

**Tommy came to the hospital today because he has allergies. He is allergic to penicillin. It makes him vomit and become dizzy. Jackie gave Tommy an allergy shot.**

# HER JOB

**Jackie's job is hard but she is happy that she can help people.**
